This material is intended for distribution solely to Professional Clients, as defined by MiFID (2014/65/EU) regulations, and should not be relied upon by any other individuals. This document serves as marketing material.

Investments in the Fund do not constitute deposits with a bank or deposit-taking institution. While efforts are made to maintain a stable net asset value per share, investors may incur losses by investing in the Fund.

Securities are offered through Frictionless Markets, a registered securitization fund under Luxembourg law. Frictionless Markets and its affiliates do not provide investment advice or recommendations to any individuals, and no communication herein or elsewhere should be interpreted as such.

Assets listed herein, such as digital assets or tokens using blockchain, are speculative, highly risky, often illiquid, may lack value, offer limited regulatory certainty, carry potential market manipulation risks, and could lead to principal loss for investors.

Investors should conduct thorough due diligence, refrain from solely relying on financial assumptions or estimates provided herein, and are advised to seek guidance from financial advisors, attorneys, accountants, tax advisors, and other professionals to understand and assess the risks associated with any investment opportunity.

Investing in the Fund involves speculation and risk, suitable only for investors capable of evaluating and bearing the associated risks. While the Fund aims to maintain a stable NAV per Share of \$1.00, there is no guarantee of achieving this.

The risk factors outlined herein do not constitute an exhaustive list of all potential or actual risks related to investing in the Fund. Further material information regarding actual and potential risks can be found in the Fund's governing documents.

Additional risks may exist, presently unknown to the Investment Manager or deemed immaterial, potentially subjecting investments in the Fund to different and additional risks and conflicts of interest not described herein.
